PRESS RELEASE

NRDC Protected the IPRs of First Ever indigenously designed and developed “155 mm Dhanush Gun Artillery” for Ordnance Factories Board

Dr.H. Purushotham, CMD, NRDC informed that National Research Development Corporation's (NRDC) Intellectual Property Facilitation Centre, and Technical Innovation Support Centre at Vishakhapatnam facilitated filing of a Patent and Trade Mark (Application Nos. 201921010030 and 4103575) for the land mark indigenous invention “155 mm Dhanush Gun Artillery” developed by Indian Ordnance Gun Carriage Factory, Jabalpur Madhya Pradesh. This advanced technology / innovation Dhanush Gun Artillery was inducted in Indian Army for national security yesterday. Dhanush can be employed in all types of terrains.

CMD, NRDC further emphasized that under indigenization programme of Defence Ministry large number of IPs are being generated and there is a need for a proper system and culture to be developed in the Ordnance / Defence Production units to recognize and protect the IPs which are key for global competitiveness.
